

Flooding / Phone Service Update 16th February 2021

Thank you everyone for your patience over the past week as we dealt with the flooding issues that affected road and telephone access.

TELEPHONE SERVICE

The Telstra Service to the town is improving. There are still occasions connecting with businesses, but we expect this to return to normal soon.

ROAD ACCESS

The North West Highway is now open all the way through to Minilya.

The Exmouth Road is also open, so you can now travel to Coral Bay by road.

There are however some delays expected with travel restricted during daylight hours only.

We recommend you regularly check the Main Roads Travel Map For the latest updates on road closures please visit the Main Roads website [here](#).

Once again thank you for your patience as we deal with these issues outside our control.

We look forward to seeing you soon.
