

IMPORTANT COVID UPDATE – EFFECTIVE PM SUNDAY 16TH JANUARY 2022

As instructed by the WA State Government today, public health and social measures will be continued until further notice.

Any guest who has been in the Perth and Peel region since January 6th, 2022 will be required to wear a mask indoors as per the requirements.

The specific WA State Government instruction is available at this link:

<https://www.wa.gov.au/government/covid-19-coronavirus/covid-19-coronavirus-what-you-can-and-cant-do>

It is the responsibility of each guest to review these requirements and **make sure you comply with the direction.**

Guests should be aware they enter Peoples Park Coral Bay at their own risk and the management and staff cannot guarantee whether a guest has been infected with COVID-19.

Currently tourism businesses are not required to ensure guests are fully vaccinated, however this requirement may change.

For peace of mind, all management and staff comply with the current vaccination requirement as of the 31st December 2021.

We appreciate your understanding and cooperation in these matters that are outside our control.

Thank you.
